PROFESSIONAL EXPERIENCE

Artificial Intelligence

07/2024 – 07/2024

CodSoft

- **Visualizing Data & AI Logic:** Leveraged AI frameworks to solve technical challenges while focusing on how to visualize complex data outputs into clear, aesthetically pleasing formats.
- **User-Centric Interface Exploration:** Explored the intersection of machine learning and digital design, ensuring that AI-driven features were implemented through intuitive user pathways and clean layouts.
- **Creative Problem Solving:** Applied a designer's eye to technical automation projects at CodSoft, bridging the gap between high-level backend logic and front-facing visual communication.

Full Stack Developer

06/2024 – 07/2024

Hertzsoft Technologies Pvt. Ltd.

Nagpada, India

- **UI-to-Code Translation:** Translated high-fidelity UI/UX mockups into functional web components using HTML, CSS, and JavaScript, ensuring pixel-perfect accuracy to the original designs.
- **Responsive Layout Development:** Engineered flexible, mobile-first layouts that maintained visual consistency and brand integrity across various screen sizes and devices.
- **Performance-Driven Design:** Optimized graphic assets and frontend performance to ensure that complex visual elements loaded efficiently without compromising image quality or user experience.

PROJECTS

Adnan Realtors

Designed and developed a professional real estate website to showcase residential and commercial property listings, helping clients discover suitable properties in Mumbai and Thane.

Personal Portfolio

Designed and developed a responsive personal portfolio website to showcase projects, skills, and achievements.

Responsive Art Page

Designed and developed a modern portfolio website for an artist to showcase artwork, creative projects, and professional achievements.
